Re: CC Docket 02-33 - Notice of Permissive Detariffing of Wireline Broadband Internet
Access Service by The Ottoville Mutual Telephone Company (Study Area 300650).

Dear Ms. Dortch:

Pursuant to the Commission's *Wireline Broadband Order*, The Ottoville Mutual Telephone Company hereby provides notice of its intent to discontinue offering wireline broadband internet access service on a tariffed basis. Effective July 1, 2017, The Ottoville Mutual Telephone Company plans to offer wireline broadband internet access service on a permissive detariffed, common carriage basis.

Any questions regarding this filing may be directed to the undersigned at 419-453-3324 or via email at tomtc@bright.net.

Sincerely,

William J Honigford
General Manager

CC Docket No. 02-33 - Notice of Permissive Detariffing of WBIAS

April 10, 2017

The Ottoville Mutual Telephone Company (the "Company") hereby provides notice that it intends to cease offering wireline broadband internet access service (WBIAS) on a tariffed basis. Effective July 1, 2017, the Company will begin offering WBIAS on a Title II, common carriage, permissive detariffed basis pursuant to paragraphs 90 and 94 of the Federal Communications Commission's Wireline Broadband Order.¹ The geographic areas affected are the entirety of the Company's study area where DSL is technically feasible.

Today, this service is provided to only one customer, The Ottoville Mutual Telephone Company's ISP division. The ISP purchases WBIAS as a wholesale input to its broadband Internet service, which is sold to residential and business customers. End user service will not be affected by permissively detariffing the offering by the Company. As stated in the attached customer notice, the Company will continue to offer existing ISP customers wireline broadband Internet access service pursuant to current terms and conditions until the end of their current term or upon replacement with a Broadband commercial agreement.

Effective July 1, 2017, the Company's rates, terms and conditions for its permissively detariffed WBIAS will be available on its website (www.ottovillemutual.com) and in printed copy during normal business hours at its business office located at 245 W. Third Street, Ottoville, OH 45876.

¹ See *Appropriate Framework for Broadband Access to the Internet Over Wireline Facilities*, Universal Service Obligations of Broadband Providers, CC Docket No. 02-33, WC Docket No. 05-271, Report and Order and Notice of Proposed Rulemaking, 20 FCC Red 14853 (2005). FCC 05-150 (rel. September 23, 2005), ("Wireline Broadband Order").

**Re: CUSTOMER NOTICE OF CHANGE IN WIRELINE BROADBAND INTERNET
ACCESS SERVICE**

Dear Valued Customer:

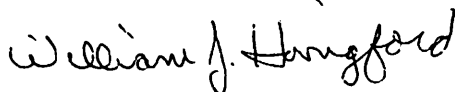

Our records indicate that The Ottoville Mutual Telephone Company's ISP Division is currently purchasing wholesale wireline broadband Internet access services from The Ottoville Mutual Telephone Company pursuant to the terms of NECA Tariff FCC No. 5. This letter is to inform you that The Ottoville Mutual Telephone Company will no longer offer such wholesale wireline broadband Internet access services pursuant to tariff effective July 1, 2017. On and after July 1, 2017, services will be made available to you on a common-carrier, non-tariffed basis.

The Ottoville Mutual Telephone Company will make physical copies of its rates, terms and conditions for its non-tariffed wireline broadband Internet access transmission service available for public inspection during normal business hours at its office located at 245 W. Third Street, Ottoville, OH 45876 and on its website at www.ottovillemutual.com.

The actions described above are taken in accordance with the FCC's Report and Order (FCC 05-150) released September 23, 2005 in CC Docket No. 02-33. In the order, the FCC determined that facilities-based wireline broadband service providers could offer their services on a common-carrier, permissively de-tariffed basis.

No action is necessary on your part. However, if you have any questions, please contact me.

Sincerely,

William J Honigford
General Manager
